Miele FashionMaster 2.0

Perfect Results

B3826 Fashion Master
10546440

Design & Capacity

Steam ironing system

Performance

- Miele honeycomb soleplate
- Uniform steam distribution
- 4.0 bar steam pressure
- Professional ironing results
- 1-2 lift system
- Convenient set-up/storage
- Active ironing board
- Perfect ironing results everytime
- Fan power level
- Easy ironing with the fan
- Guided descaling
- Fill the descaler, then a button starts the appliance automatically.
- Infinite height adjustment
- Built-in gas lift mechanism brings the ironing table to the perfect working height (83 - 102 cm)

Steamer (B3826 Fashion Master)
10569390

Specifications

- Ironing of hanging garments
- Fitted with a removable brush
- Can be used as an alternative to the iron

Honeycomb structure soleplate

Perfect results: Steam on the honeycomb surface helps the iron glide smoothly and effectively over the laundry.

Non-stick soleplate

Perfect care: sequins, prints, delicate fabrics and dark items are ironed without creating shiny patches.

Steam Jet

Very handy: Hanging clothes such as dresses, jackets or curtains are gently smoothed and freshened-up.

Guided first use

Just start: During start-up, the appliance guides you safely through the selection menu for language and water hardness.

4.0 Bar Steam Pressure

Professional ironing results due to 4,0 bar steam pressure
