

DISHWASHING

# DISHWASHER KEY FEATURES

## Dishwashers at a glance

### A world first: AutoDos with PowerDisk

Automatic dispensing for excellent results with integrated PowerDisk. Superior cleaning system, unparalleled freedom.

### AutoOpen Drying

The dishwasher door automatically opens a fraction at the end of a programme cycle. This allows fresh, dry air to enter the dishwasher, and even challenging items such as plastics and glassware are perfectly dried. Special airducting protects the worktop from moisture.

### Perfect Glass Care

Soft water enhances cleaning performance in a dishwasher, but is aggressive to glassware. Consequently, all Miele dishwashers feature Perfect GlassCare technology. This helps protect glassware and keeps stemware looking as good as new for longer.

### 3D MultiFlex tray

Stress-free loading: Ingenious adjustment options create space in the dishwasher, even for small items.

### FlexLine baskets

Flexibility creates convenience: Easy adjustment and flexible loading for the best cleaning results.

### EcoPower technology

Saving water and energy: Cleverly designed water supply reduces consumption.

### Knock2open

Open the dishwasher door will open automatically by simply knocking the furniture panel twice. This allows for perfect seamless integration into the kitchen cabinetry and eliminates the need for a door handle.

### Quick PowerWash

Excellent cleaning performance. Unmatched synergy: The new dishwasher programme QuickPowerWash and the specially designed UltraTabs Multi, achieve the best possible cleaning and drying results for normally soiled crockery in only 58 minutes.

# Dishwasher Detergents

For best results, use Miele Care collection

## Ultra Tabs

Each dishwasher detergent tablet features a powerful enzyme formula and a three-layer construction that delivers superior wash results. They can be used with any brand of dishwasher.

## Dishwashing Powder

Miele's ingredients dissolve proteins and starch in cold water and help remove persistent dried food. The special formula contains active oxygen for perfect results, and can be precisely dispensed thanks to the easy pour bottle.

## Rinse Aid

Sparkling dishes and glassware come standard when you use Miele rinse aid! It's formulated to prevent long-term etching in glassware, and it can be used with any brand of dishwasher.

## Dishwasher Salt

Miele dishwashers have a built-in water softener. This is especially critical in areas where the water source is found to be very hard. Salt dissolves during the cycle and ensures your machine delivers the very best results.

## Powerdisc - for AutoDos dishwashers

PowerDisk All in 1 disc detergent for dishwashers with AutoDos. Miele's exclusive powder granulate, Automatic dispensing for approx. 1 month (20 cycles/disk) For Gen 7000 dishwasher with AutoDos.
