

CONSUMABLES

CARE COLLECTION KEY FEATURES

For best results use Miele care collection

UltraWhite Powder

For brilliantly white laundry. The powerful formula with its high active oxygen content ensures optimum wash results and brilliantly white laundry.

CapDosing

The perfect addition for special applications convenient capsules: Dispense special detergents, fabric conditioners and additives using single use capsules.

Reproofing Agent

Ideal for sports clothing and waterproof clothing. The Miele proofing agent provides effective retention of breathability, as well as wind- and dirt-resistance for all outdoor textiles.

UltraColor Detergent

For vibrant colours special protection components and care materials leaves colours radiant and helps your clothing retain its brightness even after numerous laundry cycles.

TwinDos

Both liquid detergents are automatically dispensed at the optimum time during the programme. Best liquid detergents system available on the market for coloured or whites fabrics.

Outdoor Detergent

For high-quality outdoor clothing. The lanolin contained in the detergent acts like a soothing bath for the membrane. It remains elastic and flexible and retains its complete functionality.

Fragrance Flacon

The new Miele flacons envelop your laundry with a pleasant fragrance during drying. The flacon is simply fitted into the easily accessible fluff filter and distributes an unobtrusive fragrance evenly onto your laundry.

Sportswear

For breathable sportswear. Neutralises unpleasant odours. Cleans and retains the brilliance of colour. Perfect for fleece & lycra fabrics.
