Guarantee Conditions*

Including built-in coffee machine CTL636ES1/6.

Guarantee is not valid if appliance is used in an industrial application.

Total guarantee period: 3 yrs from date of purchase

Transport damages will only be accepted 7 days after delivery to end user or contractor working on behalf of end user (kitchen company, building contractor).

First yr full guarantee on parts and labour – excluding very fragile parts i.e. glass, plastic, light bulbs.

Second yr guarantee on all functional parts only: electronics, timers, switches, pumps, motors, compressors, locks, valves, thermostats, fan, plus labour to repair or replace.

Third yr guarantee on all functional parts only: electronics, timers, switches, pumps, motor, compressor, locks, valves, thermostats.

After guarantee expires, customer must pay a current call out fee towards labour costs.

Condition governing appliance service

1. A guarantee claim ceases once repair or work is undertaken by a person not entitled by BSH to do so or if the appliance is provided with spare parts, attachments or accessories that are not original, therefore causing damage.
2. The guarantee is given in such a manner that defective parts are repaired free of charge or – and this is BSH choice – replaced by perfect parts.
3. A claim under guarantee does not cause an extension of the guarantee period nor does it start a new guarantee period.
4. If BSH refuses repair or repair fails and the end user so requires, a replacement of equal value is supplied free of charge within the above guarantee period.
5. These conditions of guarantee are applicable to appliances purchased in South Africa. If appliances are taken abroad or across the border please check with the our Customer Service team for conditions of guarantee.

* Valid from September 2023
