Fully integrated silent clear ice machine.

Integrated refresh butler.

Improve Air Quality in your Kitchen through Plasma Technology.

Kaelo is an in-counter cooling cylinder that maintains the temperature of chilled beverages while you enjoy them. Perfect for wine, champagne, craft beer, carafes, bottled water, spirits, and other beverages.

Euro Appliances is a family-owned business that has been operating since 1996. We live out our **vision** by being a unique retail outlet for exclusive household appliances and we honour our **mission** daily. That is done by providing exclusive products and value-added services that match a client's unique preferences and needs.

We offer the ultimate showcase of products, brands and services available. Members of the **public, architects, designers, decorators and kitchen companies** are all welcome to visit us at any time. You are always assured of friendly help, professional insight and quality service.

PREMIUM • LUXURY • UNIQUE • EXCLUSIVE

## Supplier of Leading Global Brands...

Euro Appliances is an accredited supplier of the finest names in kitchen appliances. We visit world leaders in appliances and follow trends showcased at the top international trade shows. Our range of products ensures that clients enjoy the finest brands with leading technology and modern design. Must-have elements also include energy efficient appliances that are eco-friendly, safe, user-friendly and visually beautiful.

## Services:

**Consultations:** Clients can schedule a one-on-one appointment with a Sales Consultant. This ensures tailor-made service, professional advice and trusted insight about which appliances best suit a customer's taste, personal requirements and budget.

**Communication:** We maintain ongoing and effective communication using electronic media. We will e-mail proposals, designs, diagrams, invoices and any other digital information a client may require. Our professional Sales Consultants assure customers of fast, direct and highly-responsive communication at all times.

**\*Storage:** For clients who are building or renovating, we can arrange storage. Items are secure, fully insured and accessible at any time.

**\*Site Meetings:** We are able to meet clients, building contractors and project managers onsite, at their convenience. By working closely with technical team members, clients are assured of correct positioning of water, electricity and gas supply, correct fitting and optimal placement of all appliances.

**\*Delivery & Commissioning:** Trained support teams ensure convenient and safe delivery of appliances. The teams can also install, connect and test all appliances to ensure optimal functionality and ease of use from the outset. Installation by factory certified installers to honour suppliers GTE.

**\*After Sales Support / Courtesy Calls:** Our trained support teams contact clients after their initial purchase to ensure their full satisfaction. We are also highly responsive to troubleshooting should any problems ever be experienced. Value-added products to support use, cleaning and maintenance of appliances are readily available.
