

## Dishwasher Detergents

For best results, use Miele Care collection

### Ultra Tabs

Each dishwasher detergent tablet features a powerful enzyme formula and a three-layer construction that delivers superior wash results. They can be used with any brand of dishwasher.

### Dishwashing Powder

Miele's ingredients dissolve proteins and starch in cold water and help remove persistent dried food. The special formula contains active oxygen for perfect results, and can be precisely dispensed thanks to the easy pour bottle.

### Rinse Aid

Sparkling dishes and glassware come standard when you use Miele rinse aid! It's formulated to prevent long-term etching in glassware, and it can be used with any brand of dishwasher.

### Dishwasher Salt

Miele dishwashers have a built-in water softener. This is especially critical in areas where the water source is found to be very hard. Salt dissolves during the cycle and ensures your machine delivers the very best results.

### Powerdisc - for AutoDos dishwashers

PowerDisk All in 1 disc detergent for dishwashers with AutoDos. Miele's exclusive powder granulate, Automatic dispensing for approx. 1 month (20 cycles/disk) For Gen 7000 dishwasher with AutoDos.

# LAUNDRY

## WASHING MACHINE KEY FEATURES

### Washing Machines at a glance

#### ProfiEco motor

Powerful and economical: Quiet, powerful energy-saving wash with Miele ProfiEco EnergySave motor. Long-lasting.

#### SingleWash

Efficient solution for individual items: Wash a favourite blouse faster, more economically and more gently than ever.

#### Spin Speed

You can alter the pre-set spin speed of a wash programme. At this high spin speed, the residual moisture level is only 43% or 44% after spinning, making subsequent tumble drying very economical.

#### Gold standard for virus hygiene

Hygienically clean: TwinDos and PowerWash reliably remove over 99.9% of viruses, such as Coronavirus for example.

#### Cap Dosing

Miele offers small portioned capsules that are simply placed in the fabric conditioner compartment for textiles requiring special care. The Miele washing machine automatically dispenses the contents of the Caps at the perfect point in time during the wash process.

#### Networking with Miele@home

Make your life smart: Thanks to Miele@home, you can cleverly network your domestic appliances for more options.

#### Hygiene

AllergoWash\*: This option should be used where high standards of hygiene are required. More energy is used to lengthen temperature holding times and more water is used to increase rinsing efficiency. Dust mites and bacteria do not stand a chance with a higher water level and an extended temperature holding time.

#### SteamCare

Enjoy 50% less ironing after a wash programme, or as a separate smoothing programme. It gently removes creases from the most delicate items, and it is environmentally friendly.

## Laundry Washing Machines

#### WCA020 WCS LW 11612230

#### Design & Capacity

W1 Classic front-loader  
1-7kg of laundry

## TUMBLE DRYER KEY FEATURES

### Tumble Dryers at a glance

#### Drum Load

Ranges from 1-7kg, 1-8kg & 1-9kg. Fewer creases, easier ironing: The honeycomb structure allows laundry to be dried gently and evenly.

#### FragranceDos

Indicates if fragrance flacons can be used on the appliance. Freshness for all the senses: With Miele you not only have particularly bouncy but also beautifully fragrant laundry.

#### HeatPump

Indicates if the appliance features heat-pump technology. Uses half as much energy as conventional condenser tumble dryers. Using a Miele heat pump dryer can considerably reduce not only your energy costs but also the burden on the environment. Complete delicate garment care with also particularly gentle drying.

#### SteamFinish

Achieving perfectly tumbled textiles fast, this steam and heat smoothes your textiles before they leave the tumble dryer.

#### EcoDry technology

The filter system and the maintenance-free heat exchanger keep energy consumption and run time low.

#### Perfect Dry

Always perfectly dried: PerfectDry detects the mineral content of the water and modifies the drying process.

#### Networking with Miele@home

Make your life smart: Thanks to Miele@home, you can cleverly network your domestic appliances for more options.

€ R49<sup>999</sup>

**Steamer (B4826 Fashion Master)**  
**10569390**

### Specifications

Ironing of hanging garments. Fitted with a removable brush. Can be used as an alternative to the iron.

€ R4<sup>299</sup>

### Honeycomb structure soleplate

Perfect results: Steam on the honeycomb surface helps the iron glide smoothly and effectively over the laundry.

### Non-stick soleplate

Perfect care: Sequins, prints, delicate fabrics and dark items are ironed without creating shiny patches.

### Steam Jet

Very handy: Hanging clothes such as dresses, jackets or curtains are gently smoothed and freshened-up.

### Guided first use

Just start: During start-up, the appliance guides you safely through the selection menu for language and water hardness.

### 4.0 Bar Steam Pressure

Professional ironing results due to 4.0 bar steam pressure
